Dept has been considering best means for coordination with NATO of preparations for Germany, European Security, and Berlin discussions in period immediately ahead. On balance, we believe would be desirable to circulate to NATO countries on strictly confidential basis text of Four Power Working Group questionnaire and analysis contained separate ^{airgram.} ~~tabler~~ Possession of this document will give NATO countries guide lines for their thinking and will facilitate later coordination with NAC when Four Power Working Group convenes in Paris. Furthermore, as practical matter, other NAC countries likely to become aware of document. (We have reason to believe that knowledge of document is already fairly widespread.) Would be resented by other NATO countries if knowledge acquired indirectly.
